Higher Trewey application for conversion of barns to holiday accommodation

J Lindfield declared an interest

After discussing the plans it was agreed to approve with observations.

Minutes of Meeting held 12 August 2008

Present: M.Hindley, J.Brookes, J.Lindfield, A.Penhaul, C.Penhaul, G.Osborne, L.Scambler and approx 25 parishioners

LCC – Airwave planning application for mast at Higher Kerrowe.

The chairman reported to the meeting on responses received from AONB, Police, Coastguard and Fire Service and LCC – Airwave.

After questions from the floor and discussion of the proposal the Parish Council agreed to oppose the application making the following observations:

1. We believe that LCC airwave have not explored ALL the possible alternatives both in respect of sites and technology. 2. This application is only 160m from previous application which was turned down by PDC we feel that nothing has been changed and the visual impact of this proposal is worse than the last app. 3. We feel that there is very little benefit to the community in having the tetra mast in the parish. 4. Large areas of the coast and costal path are not covered by the proposed mast. 5. We concur fully with the AONB's response to PDC as this is an AONB we feel that all possible alternatives should be explored both in regard to sites and technology. 6. We would like to see LCC investigate smaller masts hidden in existing road signs etc as opposed to 1 large mast in this sensitive area.
